14 November 1952

25X1A5a1

We enjoyed our visit with you on Thursday, 6 November 1952, tremendously and feel that great benefits will result from our associations with you in connection with our records problem.

I apologize for taking up so much of your time, but on the other hand I felt that the time was required to give you some slight appreciation of the problem with which we are confronted. We found the members of your staff whom we met to be most co-operative and particularly wish to extend our appreciation to Miss Cherry Devereaux.

Please forward your papers in order that we can obtain security clearance as soon as possible and we will do everything to expedite this clearance. At that time we will contact you further regarding future discussions.

Very truly yours,

  
Chief, General Services
